Expodefensa 2021: more than 150 exhibitors already registered

Today, 150 exhibiting companies have already confirmed their participation at the international security and defense trade fair Expodefensa, the leading hub for Defense and Security in Latin America and the Caribbean. Among them are international-level large groups but also local and regional ones. As in the previous edition in 2019, Expodefensa exhibitors cover all the domains associated with Defense and Security. Discover the latest information below.

In 2021, despite the consequences of the global sanitary situation on professional events, Expodefensa continues the successful preparation of its 8th edition that will take place from 29th of November to the 1st of December in physical format in Colombia.

5 weeks before the exhibition, companies from all over the world have confirmed their presence: 23 countries are already represented from the 4 continents. The exhibition will also welcome national pavilions, including Israel, Brazil, France, Spain and the USA, a solution for exhibitors to increase their national identity.

A glimpse at our list of exhibitors, reveals a multisectoral representation, covering the entire Security and Defense production chain in its main forces (land, air, naval, space and security). A specific focus is made on:

- Air security and defense
- Communication
- Cybersecurity
- Homeland security
- Infrastructure protection
- Maritime security and defense
- Service - logistics – maintenance
- Simulation - training
- Small and large calibres
- Unmanned vehicles

As our exhibitors continue to register, we invite you to check our full list of exhibitors, regularly updated on the official website of the exhibition here: www.expodefensa.com.co.

Online Press accreditation is already open at www.expodefensa.com.co. Register [here](#) and join us in Bogotá from 29th of November to 1st of December 2021. Looking forward to seeing you there!
